Join the BUZZ revolution - it's beyond the coin; BUZZ advocates the joy and ease of building an interactive world together.

Here's to the crazy ones. The misfits. The rebels. The trouble-makers. The round pegs in the square holes. The ones who see things differently. They're not fond of rules. And they have no respect for the status quo. You can quote them, disagree with them, glorify or vilify them. About the only thing you can't do is ignore them. Because they change things. They push the human race forward. And while some may see them as the crazy ones, we see genius. Because the people who are crazy enough to think they can change the world, are the ones who do.

Steve Jobs

This famous quote of Jobs harbors the soul of Cardano. Team BUZZ has been around in the Cardano community long enough to feel the heart of Cardano: a bunch of bright nerds and brilliant geeks with an ever supportive attitude and a common goal to change the world.

BUZZ will always stay loyal to Cardano.

The blockchain platform is innovative and strengthens its foundation with sustainable technology within every upgrade. A promising playground for every Web3 company.

Why Cardano?

BUZZ HQ

Cardano Hotel Barcelona

Meet Alfred Moesker, the visionary co-founder of BUZZ and proud owner of the world's first Cardano Hotel, nestled in the vibrant heart of Barcelona. Since 2017, this bustling hotel has been embracing ADA as a mode of payment, symbolizing innovation and forward-thinking. The epicenter of BUZZ's creativity lies within the hotel's walls, where every groundbreaking idea is put to the test. It's not just a hotel; it's a living, breathing use case for the incredible potential of Cardano. The Cardano community has already made this place a haven, with enthusiasts from around the globe. Join us at the Cardano Hotel, where we not only accommodate but celebrate our love for Cardano. Don't miss our monthly event, a collaboration with Cardano Spot from Emurgo, making each visit a memorable and enriching experience
